Re: Final Status Notice - Police Series
CCE-10-376

Date: **April 15, 2010**

Consistent with our obligation and responsibility to properly administer the classification plan for the State Universities Civil Service System, the System Office is revising the following classification(s):

Police Officer
Police Corporal
Police Sergeant
Police Lieutenant
Police Captain
Police Major/Deputy Chief

This notification is intended to serve as a ***final status notice*** in order to minimize disruption in employment activities regarding this classification series. Through a process of collaboration with our various advisory groups and subject matter experts, the University System Office has finalized a revision to the Police Series class specifications. This also includes the release of a new knowledge examination for the Police Sergeant classification. As indicated previously, this new knowledge examination was required due to the security compromise of the previous Police Sergeant examination.

The revised class specification and new Police Sergeant knowledge examination will be effective June 1, 2010. The new Police Sergeant knowledge examination will be available through E-Test on May 7, 2010. Notice of the voiding of registers must be given to those candidates on the Police Sergeant employment register. On the effective date, new registers for the Police Sergeant classification must be developed based on the successful completion of the new knowledge examination and the Elongated Oral Board, prior to candidates being referred for interviews.

The Police Officer, Police Corporal, Police Lieutenant, Police Captain and the Police Major/Deputy Chief examinations remain secure and intact. Employment registers for these classifications will stay in effect until further notice.

Police Series classifications are currently used by UIUC, UIC, UIS, SIUC, SIUE, SIU-SOM, EIU, NIU, WIU, NEIU, CSU, GSU, and ISU. Revisions to specifications and the Police Sergeant knowledge examination will be effective as detailed in the following chart.
